★ ABOUT THIS PROJECT

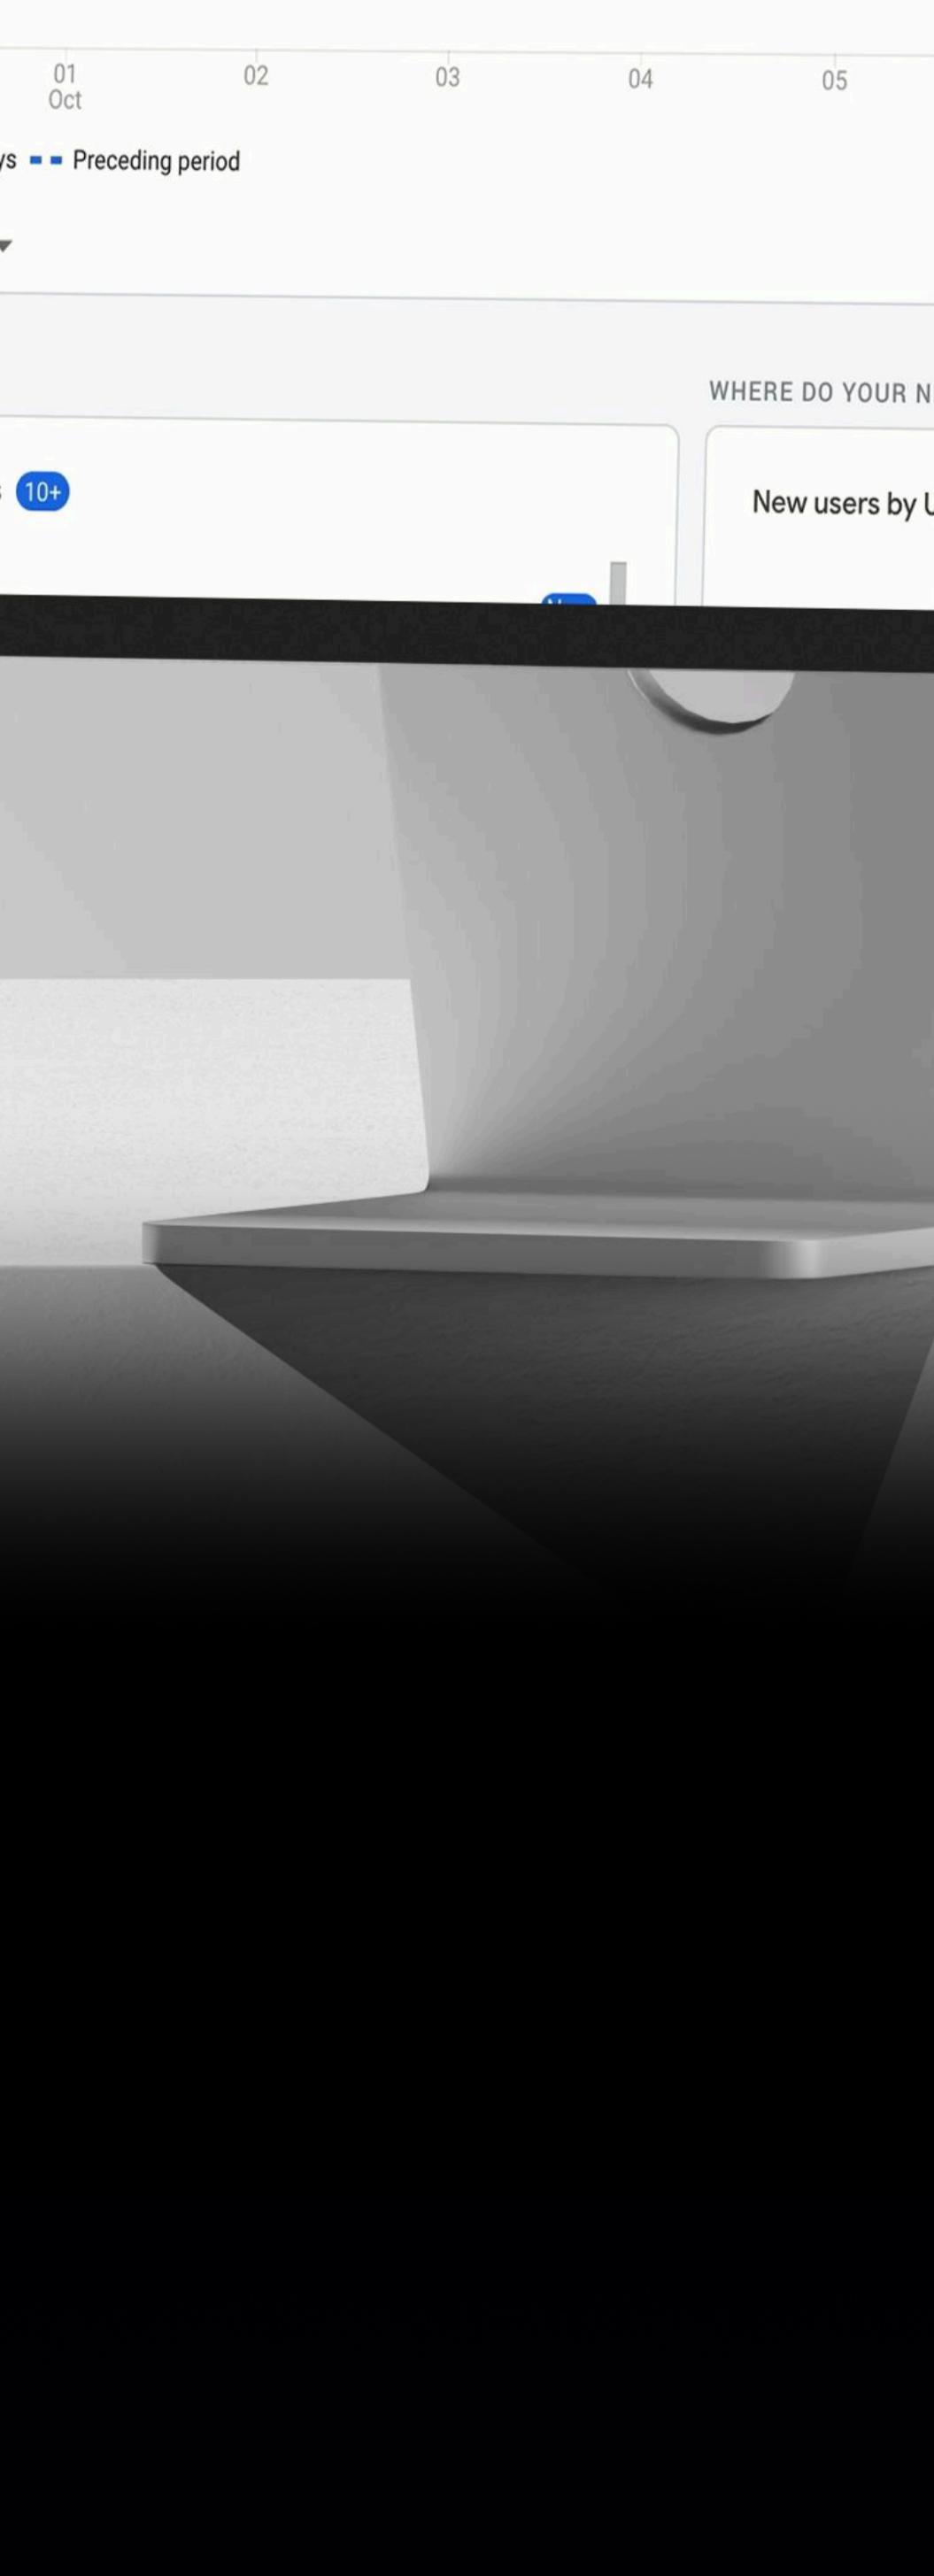

Custom Laravel / React Website with Stripe + API Integrations

Searchastay is a custom Laravel Website

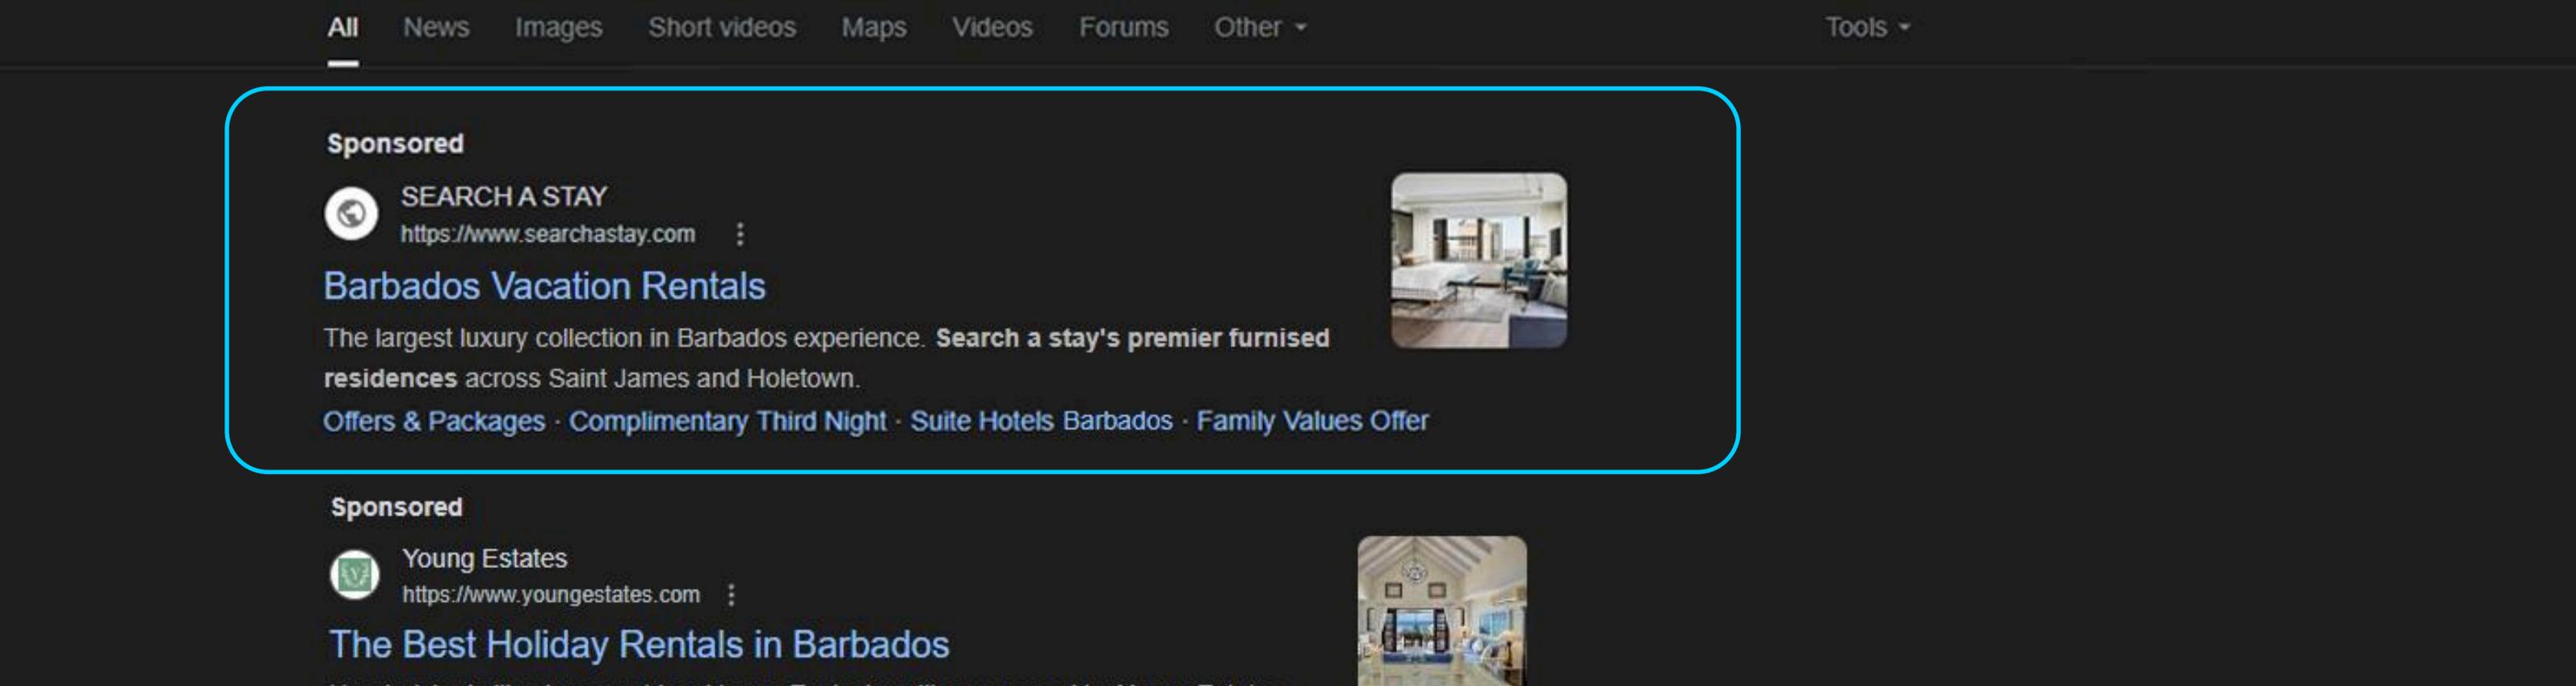

- Ideal for large or growing businesses with unique needs
- Full control over branding, guest experience, backend logic
- Can integrate Google Calendar, channel managers, Stripe, etc.
- Costlier up-front but fully scalable

★ MOBILE-FIRST DESIGN

Over 60% of bookings happen on mobile

★ GOOGLE/SOCIAL MEDIA DASHBOARD FOR ASSESSMENT

★ SPONSORED ADS

We run highly targeted sponsored ads on Google to place **Search A Stay** at the top of key searches like "Top vacation rentals in Barbados." These ads drive high-intent visitors looking for furnished stays, increasing both bookings and revenue by reaching travelers exactly when they're searching.
